

WEB PROFESSIONAL BUNDLE

You can now buy the **Web Professional Bundle** which consists of our best-selling **Web Design Training Bundle™** and our **Online Web Development Series** for only £500.00 (A saving of £100.00!).

The **WEBMASTER & WEBMAESTRO** Courses are designed to take the student from a beginners perspective through the full build of a fully function website and comprehensively teach the HTML, Dynamic HTML and JavaScript Programming languages. We will also give you GSP's 50,000 PhotoArt (3 CD Set) and Chris Standring's "The Ultimate Website Promotion Handbook" absolutely free.

On successful completion of each course you will receive our own Certification with comprehensive feedback as well as the OCN award issued through a national awarding body.

As well as the elements listed above you will also receive one-year access to the Web Development Series which consists of over 30 separate online web design courses.

PLEASE NOTE: These courses are not compatible with Apple Mac Computers.

The **Web Design Training Bundle** consists of:

WEBMASTER™ – WEB DESIGN COURSE (Usually £195.00)

The **WEBMASTER™** web design training course takes the student step-by-step through the construction of a complete website from the very basics of Website design teaching the HTML/XHTML languages and Cascading Style Sheets, to the uploading of the Website to your web space.

During the course, the student will enjoy the creative experience of developing multi-media web pages and will also learn to use specialised products such as Shop Factory Pro, Adobe Flash and Dreamweaver CS3, gradually building on the experience and ultimately designing and creating a high quality professional website of their own.

WEBMAESTRO™ – ADVANCED WEB DESIGN COURSE (Usually £195.00)

The **WEBMAESTRO™** Advanced Website Design distance learning course has been designed to introduce students to the fundamentals of JavaScript (an object-based, event-driven Web programming language), which tightly integrates with HTML.

You will also learn about Dynamic HTML and Cascading Style Sheets, which removes many of the constraints that have previously limited the web author's creativity and provides a whole new way to make web pages more interesting for the visitor.

Price:
£500.00

Instalment Options:
You can spread the payments for this course over 4 monthly payments. 1 initial payment of £245.00, followed by 3 monthly payments of £85.00.

Course Format:
DVD ROMs & Book and Online Courses

Assessment:
Coursework

Approximate Study Time:
900 Hours of Self Study

Pre-Requirements:

There are no particular entry requirements.

Webmaster & Webmaestro Course Duration & Support:

Students may register at any time and we do not impose any set completion time, although we recommend completing study within a 24 month period. You also have access to a personal tutor by mail or email. As the course is self study you can complete in as little or as long a time as you prefer.

Webmaster & Webmaestro Assessment:

You will be assessed on coursework which is detailed in the course materials. The coursework consists of individual web pages and a complete final website. Your work can be sent back to your course tutor by email or by post.

Webmaster & Webmaestro Qualification:

The award is gained from your successfully completed coursework so there is no exam to complete. On successful completion of these courses, students will be awarded the **OCN Level 2 & Level 3 Web Design & Construction Awards**.

The Level 2 Award (Comparable to working at GCSE or NVQ Level 2) has 6 OCN Credits and the Level 3 Award has 9 OCN Credits. OCN Credits can be accumulated with other course or unit credits over a period of time which can lead to an accredited qualification.

The award is issued through the North West Region (OCNNW) of The National Open College Network. OCNNWR provides validated courses through its provider organisations which must meet robust quality assurance standards. It is a licenced member of NOCN which is an approved UK awarding body licenced by QCA (The Qualifications & Curriculum Authority) to offer accredited qualifications.

GSP's 50,000 PhotoArt (3 CD Set) (RRP - £9.95)

With this new collection of 50,000 stunning photos you will add style and quality to any document. With thousands of images to choose from, you can create eye-catching posters, brochures, reports or presentations and make your web pages look outstanding.

Forget about downloading and paying for images from the internet, this program offers you a superb choice, royalty free! It's as easy to use as clipart and you can even add your own photos to create a personalised image bank.

There are 20 categories of images including Food and Drink, Nature and People.

THE ULTIMATE WEBSITE PROMOTION HANDBOOK (RRP - £9.95)

Chris Standring is a highly successful British-born internet entrepreneur and musician who has been living in California for fifteen years. More than just another web design book, The Ultimate Website Promotion Handbook particularly concentrates on web optimisation and will help you gain high rankings in all the major search engines.

"If you have an online business, you need this book. If you don't have an online business, read this book-you'll want to start one immediately." - David Beeler, Co- Founder Beeler Greetings.

WEB DEVELOPMENT SERIES (Usually £250.00)

The **Web Development Series** is a wide range of online Web Site Design Courses. When you sign up for the Web Development Series you receive access to over 30 online courses for a one year Period.

The Web Development Series is designed to teach you how to create everything from simple to complex, interactive Web sites, using HTML, JavaScript, DHTML, Dreamweaver, Flash, Java and much, much more.

How do the courses work?

Shortly after you have signed up for the Series, we will email you with your start up information, a receipt and your username and password.

All you then need to do is then go to the Course Log-In page and enter your information and you will get instant access to this wide range of exciting, engaging and successful e-learning courses. You then have one year to access the course materials online, so when you want to study, just Log in and off you go...

System Requirements:

All you need to complete these courses is an Internet Ready PC and Microsoft Internet Explorer. You are required to install Macromedia Authorware Player on accessing the course.

PLEASE NOTE: We do not supply any software with the course, so you will require your own versions of any software covered in the course materials.

Yu will get access to the following online courses for a one-year period:

- **AJAX COURSE**
- **CGI/PERL COURSE**
