

## ADOBE PHOTOSHOP CS3 COURSE

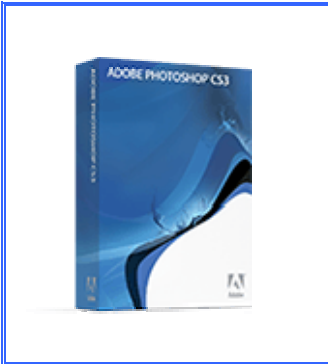

£150.00

Course Format: Book Based

Approximate Study Time: 100 Hours

You can spread the payments for this course over 4 monthly instalments  
1 initial payment of £60, followed by 3 monthly payments of £30

This course covers the use of Adobe PhotoShop CS3 and covers the complete **Adobe Certified Expert (ACE) CS3** syllabus. Students will start by learning the basics of selecting and modifying images, and creating and manipulating layers and other effects. You will also learn how to retouch and resize images, and prepare images for use in print and on the Web. The course is split into 4 modules and you will receive a course book for each module.

Students will then move on to learn advanced topics such as how to create and use masks and vector paths, how to create fills and overlays to enhance images. Course activities also cover automation of repetitive tasks. In addition, students will learn how to apply creative special effects to both images and text. The Course also has separate sections on Colour Printing and Web Design.

### FREE ONLINE PRACTICE EXAMS

The course also comes with DTI Publishings Online CertBlaster exam preparation software absolutely free. CertBlaster covers mock examination questions in multiple choice or multiple answer formats. This software is the perfect addition to help prepare for your exam.

This course covers the following Modules:

- **Photoshop Basics**

This module includes the following topics: Getting Started; Working with Image Selections; Working with Layers; Adjusting Images; Retouching Images; Resizing Images; Preparing Finished Images; and ACE Exam Objectives.

- **Photoshop Advanced**

This module includes the following topics: Fills and Overlays; Masks; Vector Paths; Creative Image Effects; Automating tasks; and ACE Exam Objectives.

- **Photoshop Colour Printing**

This module includes the following topics: Colour Management; Photographic Techniques; RGB image adjustments; CMYK separations; greyscale and spot colours; and ACE Exam Objectives.

- **Photoshop Web Design**

This module includes the following topics: Optimising Web Images; Slicing Images; Links and Rollover Effects; Automating Web Tasks; animation; and ACE Exam Objectives.

### ACE Exams:

The PhotoShop CS3 qualification is one module of the Adobe Certified Expert (ACE) certification. The Adobe Certified Expert (ACE) certification was created for graphic designers, Web designers, video professionals, system integrators and developers seeking recognition for their expertise with Adobe products.

On Completion of the Photoshop Course, you can apply for your industry recognised **ACE Photoshop 9A0-054 Examination**, which are currently **£104.00 +VAT**.

Exams must be sat at a registered Pearson VUE testing centre.

You can locate testing centres and schedule appointments on their Websites:

**Pearson VUE** - <http://pearsonvue.com/>
