

MCSE COURSE

The **Microsoft Certified Systems Engineer (MCSE)** for Windows Server 2003 is the premier certification for professionals who analyse the business requirements and design and implement the infrastructure for business solutions based on the Windows XP platform.

Hundreds of thousands of corporations and organisations worldwide are choosing Microsoft products for their networks. This has created a tremendous need for qualified personnel and consultants to help implement and support these networks. The MCSE certification is your way to show these corporations and organisations that you have the professional abilities they need.

Benefits of MCSE Certification:

- Industry recognition of your knowledge with Microsoft products and technologies;
- Access to technical and product information, through the MCP Secured site;
- Invitations to Microsoft conferences, technical training sessions, and special events.; and
- An MCP logo, certificate, transcript, wallet card, and lapel pin to identify you as a Microsoft Certified Professional (MCP) to colleagues or clients.

Price:
£1000.00

Instalment Options:
You can spread the payments for this course over 4 monthly payments. 1 initial payment of £475.00, followed by 3 monthly payments of £175.00.

Course Format:
Course Books with CD ROMs & Online Practice Exams

Assessment:
7 Microsoft Examinations

Approximate Study Time:
700 Hours of Self Study

PLEASE NOTE: The MCSE Course consists of 7 individual MCP Courses and the courses are designed as theory-based courses but do contain all relevant information on how to complete practical exercises if you have the available equipment, software & resources available.

The MCSE Course will consist of the following MCSE Courses:

1 Core Operating System Course (You must select one of the following courses):

- **70-270** - Installing, Configuring and Administering Microsoft Windows XP Professional
- **70-620** - Windows Vista, Configuring
- **70-680** - Windows 7, Configuring

4 Core Networking Course (All 4 required)

- **70-290** - Managing and Maintaining a Microsoft Windows Server 2003 Environment
- **70-291** - Implementing, Managing and Maintaining a Microsoft Windows Server 2003 Network Infrastructure
- **70-293** - Planning and Maintaining a Microsoft Windows 2003 Network Infrastructure
- **70-294** - Planning, implementing and Maintaining a Microsoft Server 2003 Active Directory Infrastructure

1 Core Design Course (You must select one of the following courses)

- **70-297** – Designing a Microsoft Windows Server 2003 Active Directory and Network Infrastructure
- **70-298** – Designing Security for a Microsoft Windows Server 2003 Network

Elective Course

- **70-299** - Implementing and Administering Security in a Microsoft Windows Server 2003 Network

As an alternative to the above elective option, certain certification or certification combinations may substitute for an MCP elective.

For example, CompTIA A+ and Network+ together or CompTIA A+ and Security+ together can be credited and substituted for an elective through a Microsoft and CompTIA partnership agreement.

If you would like to undertake this CompTIA elective option then you can replace the Elective MCP course for both CompTIA A+ and Network+ or Security+ courses and the total course package would be £1250.00.

Please Note: You should view the individual MCP course information for all relevant content, and pre-requisites.

Pre-Requirements:

Depending on your choice of courses there are varying pre-requisites and requirements. You should view the individual course information for each MCP Course for more detailed information.

Course Duration & Support:

Students may register at any time. The courses are designed as self-study courses but if you have any problems you can email our email support. As the course is self study you can complete in as little or as long a time as you prefer, and we do not impose a cut-off date for study.

Assessment:

Assessment would be 7 MCP Examinations (or 6 MCP Examinations and additional CompTIA examinations if you are selecting the Elective CompTIA option).

All Examinations are in a multiple choice/multiple answer format.

Qualification:

On completion of each course you can apply for the appropriate Internationally Recognised MCP examinations at any registered Prometric testing centre.

The Microsoft examination fees are £99.00 + VAT each, and there will be 7 exams to complete (Please view the relevant CompTIA Course information for exam fees if you are selecting the Elective CompTIA option).

You can locate testing centres and schedule appointments on their Website:
