

## ECONOMICS A LEVEL COURSE

The **Economics A Level Course** covers topics similar to those studied at GCSE level, but in more depth.

At the end of this stimulating course, in addition to an appreciation of the way in which modern economic society functions, you will have a solid basis on which to build a career in banking, finance or government. The Case Study on the European Union will also help prepare you for a variety of career opportunities.

Each full A Level Course consists of an AS and A2 Syllabus. The course is split into four modules, reflecting the new four module examination structure of A levels. The AS and A2 courses can be sat in their own right as an individual course, but you are required to have completed the AS level syllabus before starting on an A2 syllabus.

Each lesson begins with a set of clearly stated objectives and an explanation of its place in the overall programme of study. Effective learning is encouraged through frequent activities and self- assessment questions. There are fifteen Tutor-Marked Assignments (known as TMAs).

### The Syllabus:

The course prepares candidates for the [AQA Economics AS level syllabus 1140](#) for examinations in June 2009 and later years. Most candidates will then study the [AQA Economics A2 level syllabus 2140](#) for examinations in June 2010 and later years.

### Practical Skills/Coursework:

No Coursework with this syllabus.

### Pre-Requirements:

We will admit Candidates for A Level Courses who have a minimum of 4 GCSEs at grade C and above. These would ideally include English and Maths.

### Additional Reading:

Economics Explained 3<sup>rd</sup> Edition (P. Maunder, D Myers & N Wall) - ISBN: 0003277585.

### Technical Support:

Every student receives a personal tutor with whom they need to keep in regular contact. The essential relationship between student and tutor begins with an introductory letter and a telephone call to help decide on a study plan. All tutors are fully qualified teachers holding either a Postgraduate Certificate in Education or a degree in education. So when you enrol on a course you can be assured of the assistance of a professionally qualified subject specific tutor.

There is no limit on how often you can contact your tutor. The advice and encouragement our tutors provide are an important part of your learning experience. You can contact your tutor by Phone, Post or Email. There are tutor-marked assignments (TMA's) in every course. These help the student to consolidate their learning and prepare for examinations. All tutors have a local rate telephone number such as a 0845 number. This means that when you phone your tutor it will only cost you the price of a local call. Whilst you are still actively submitting assignments, you should expect to be in contact with your tutor regularly. Remember, to get the most out of your tutor, you will need to tell them when you need assistance.

### Examination Centres:

There are approximately 300 testing centres in the UK, so finding one close by should not be very difficult. In December/January we contact you to start arranging your examination dates. We always try to give whatever help we can with examination information, but the entering of Candidates for examinations and any dealings with the examination centre's are entirely the responsibility of the student.

### A Level Examination Fees:

On average the A Level examination fees are approximately £30 per exam but examination fees are at the discretion of the exam centre.

### Studying from Abroad:

It is possible to study A Level Courses from anywhere in the world. However some courses are easier to study from abroad than others and some restrictions to the type of tuition available apply. If you wish to study an A Level then you will need to sit the examinations in the UK. Please remember that most A Level's have several examinations which may well be spread over several weeks.
