The **Teaching & Entertaining Pre-School Children Course** will help students to gain important information and background knowledge regarding the development of children. The course will also give you a wealth of ideas for activities that promote learning in the child.

As any parent knows, the early years of a child's life are absolutely crucial to that child's future health and happiness. It's also a well-known fact that 'play' is a vital component in the development of the child, and it is through play that children learn so many things about the world around them. Now thanks to this interesting and engaging home study, you could learn how to play an important part in the development of pre-school children.

Whether you are an acting childcare practitioner or simply a loving parent, this course is right for you. It will give you valuable help and advice on a range of activities designed to entertain children under the age of five. It's fascinating but true that children learn more in their first few years than at any other time in their life. That's why it is vital that the adults around them learn how to provide them with the opportunities and resources that feed their vivid imagination.

On successful completion of this course students will receive an accredited Level 2 Certificate of Achievement.

Prerequisites:

There are no particular entry requirements.

Course Duration & Support:

Students may register at any time and have a full year to complete their studies. You also have access to a personal tutor by mail or email for a 12 month period. As the home study courses are self study you can complete in as little or as long a time as you prefer.

Assessment:

You will be assessed on coursework which is detailed in the course materials. Most coursework consists of short paragraph answers to set questions. Your work can be sent back to your course tutor by email or by post.

Certification:

At the end of this course successful learners will receive a Certificate of Achievement from ABC Awards and Certa Awards and a Learner Unit Summary (which lists the components the learner has completed as part of the course). The course has been endorsed under the ABC Awards and Certa Awards Quality Licence Scheme. This means that Kendal Publishing has undergone an external quality check to ensure that the organisation and the courses it offers, meet defined quality criteria. The completion of this course alone does not lead to a regulated qualification* but may be used as evidence of knowledge and skills gained.

The Learner Unit Summary may be used as evidence towards Recognition of Prior Learning if you wish to progress your studies in this subject. To this end the learning outcomes of the course have been benchmarked at Level 2 against level descriptors published by Ofqual, to indicate the depth of study and level of demand/complexity involved in successful completion by the learner. Information on level descriptors can be found on the Ofqual's level descriptors page. We provide a link to this on each course page of our website.

The course itself has been designed by Kendal Publishing to meet specific learners' and/or employers' requirements which cannot be satisfied through current regulated qualifications. ABC Awards & Certa Awards endorsement involves robust and rigorous quality audits by external auditors to ensure quality is continually met. A review of courses is carried out as part of the endorsement process.

ABC Awards and Certa Awards have long-established reputations for providing high quality vocational qualifications across a wide range of industries. ABC Awards and Certa Awards combine over 180 years of expertise combined with a responsive, flexible and innovative approach to the needs of our customers.

Renowned for excellent customer service, and quality standards, ABC Awards and Certa Awards also offer regulated qualifications for all ages and abilities post-14; all are developed with the support of relevant stakeholders to ensure that they meet the needs and standards of employers across the UK.

*Regulated qualification refers to those qualifications that are regulated by Ofqual / CCEA / Qualification Wales
